A GROWING NEWSPAPER IN A GROWING COMMUNITY

Volume 53, Number 3 — CAMPBELL, SANTA CLARA COUNTY, CALIFORNIA — Thursday, December 11, 1947

Our Town

By Peggy Blanchard
Guest Conductor, H. D. B.

"Our Town's" editor got the "heave-ho" this week—reason: space prohibits publishing SIGNS OF THE TIMES. So, the other half of the editorial board, or is it bored (?) takes over Peggy's spot.

•

Peg, our auburn-tressed office lassie, commented last night that in the past eleven years she had done everything there was to do on a newspaper except sweep out. Now she has added that to her accomplishments. The knee-deep pile of old papers and sundry debris that just automatically seems to collect around a newspaper office is no more—Peg saw her duty and did it!

•

Numbered among the interesting newcomers to the Campbell scene are the G. W. Montgomerys. He is late of the Navy, via Annapolis, with many prior years in the far Pacific when it wasn't so pacific. The young couple have opened a shop on Campbell avenue to overhaul, refurbish and refinish dilapidated furniture. They are specializing in doing the job on antique furniture. Welcome to Campbell, folks. Glad you're to be one of us.

•

In the shift and shuffle of folks in Campbell business we learn this week that the Nelson Grain company—composed of the genial Clarence, Milt and Lloyd Nelson, are altering the scene of their operations. The business is to be leased to Ken Strong, son of Ben Strong, painting contractor, who will continue operating at the same old stand in the same old way. The Nelson boys have entered the liquid fertilizer business in a rather large way—having a distributing point in Salinas, and a new branch in Twin Falls, Idaho. Lloyd will operate from the Idaho office, and Milt and Clarence will roam the territory betwixt and between. Campbell will remain the old home town to the boys, although their business interests will of necessity keep them away much of the time.

•

In our humble opinion Campbell is fortunate in numbering among its civic-minded citizens the always gracious Rachel Spradling . . aside from the fact that Rachel is a busy business woman, operating one of the smartest style shops in this valley, she has given of her time and abilities on so many occasions to the Chamber of Commerce —of which she is treasurer, and to all other enterprises of a local worth. Her quiet and charming manner in all of her activities has placed her in an enviable position in the social and business life of "our town."

•

The factor that make for horse-racing—that is, a difference of opinion—is the very essence of our national, political and social life. Without it we would lead a very drab and dull existence. Because our Supervisor Joseph McKinnon, and many of the people of Campbell do not agree on where our boundaries for incorporation should be, does not of necessity mean that he is wrong and the others right or visa versa. We expressed the views of many hundreds of Campbellites last week in Signs of the Times. We did not pick those views out of thin air. Dozens of people have come into the Press office, many others have phoned wanting to know just what goes on with Campbell incorporation plans. We understand that Mr. McKinnon was greatly perturbed about the article, and that we are, to put it in a nicer way, prevaricators. On that point we disagree. But that does not mean that we do not realize fully the fact that Mr. McKinnon is trying to represent all the people and that much pressure has been exerted on him from all sides. He has done a splendid job in many ways for this community, and for that the community is grateful. He must, however, remember that Campbell is fast growing up. There are hundreds upon hundreds of people here now who do not know Mr. McKinnon and they are going to judge the future by what is being done now. If they should feel slighted, or their wishes be overlooked by the Board of Supervisors, they will quite logically voice their opinions.

In any event, we, as a newspaer, have no quarrel with Mr. McKinnon. We would be remiss in our job if we didn't champion the causes that make for good government, and a progressive community. We do happen to feel that incorporation would be a good thing for Campbell. But at the same time we want to see it done in an orderly, sensible manner. All the facts must be aired. The people have a right to know exactly what it will cost in taxation and in administration. Our job is to see to it that they do know these things. On these things we think Mr. McKinnon is a big enough man to agree. He, too, lives in proximity to Campbell and is well aware of the changing times. The growth of the valley must seem phenomenal to him, since he has spent almost all his life here. We can't believe that he has any thought of retarding the natural development of this section.

•

One of the most attractively decorated stores in Campbell, the What-Not, certainly did themselves proud this year on their Christmas decorations. At a tea given at the artistic little shop last Monday, many dozens of admirers came to "oh and ah." The gracious spirit of the Christmas season pervades the town, and Mr. and Mrs. Ray Fish and Mrs. Parr are active leaders in fostering the true spirit of Christmas.

•

Peggy will have her spot back again next week . . . I'll move out, honest.

OVER-HEAD LIGHTS ADDED THIS YEAR

CAMPBELL TAKES ON "NEW LOOK!"

STREETS, BUSINESS HOUSES REFLECT CHRISTMAS CHEER

The main streets of Campbell, Campbell avenue and Winchester Road, are this year lighted in gay Christmas streamers extending across the streets from curb to curb.

The decorative streamers, entwined with ever-green branches were turned on last Friday at dusk. They are kept lighted until 2 a. m. Volunteer members of the Campbell Chamber of Commerce fabricated the strings from materials purchased by the Chamber. Funds were collected from practically all Campbell business firms by L. E. Garcia to defray costs.

Winchester Avenue Decorated

Merchants on Winchester avenue, south of Campbell vied with one another for the honor of being "best decorated." There seems hardly any choice. Brands's Furniture and Appliance store did a particularly good job of decorating with a Santa and chimmey on the upper facade of their building. The Kopper Kettle, Aero Pharmacy and the Campbell Pastry shop likewise did some very attractive decorating in the holiday mood. All in all Campbell has, for the first time in many years, gone all out to create the festive spirit.

Youths Picked Up By Sheriff's Office

Three juvenile Campbell boys were picked up by the sheriff's office last week charged with participation in a series of robberies culminating in a petty theft in Campbell.

Early last week foglights and other equipment was taken from a truck belonging to Nelson Brothers Contracting company which was parked overnight on Foote street.

The sheriff's office had the license number of the car the boys had been using, and arrested one boy and recovered the stolen equipment. The youth implicated two other Campbell boys and three others from nearby districts, who had participated in the robberies ranging from Palo Alto to Saratoga and San Jose.

William C. Dose, of Saratoga, charged that the boys broke into his Saratoga summer home several times and alleged that they took valuables, personal belongings and antiques. They are also charged with malicious mischief in breaking dishes and furniture.

The oldest boy appeared Wednesday morning before Judge Blaine for sentence. Names of the boys are being withheld because they are technically still juveniles, although their ages range from 17 to 18 years, The crowd traveled in a hot rod and an old sedan.

Deputy Sheriffs Ben Hickey and John Perusina worked on the case.

Post Office To Stay Open Sat. During Rush

Postmaster Ira H. Grim has announced that the Campbell post office will remain open all day on Saturdays until after Christmas to accommodate parcel senders.

He asked that, in order to avoid delay and insure prompt delivery of hCristmas cards, they be mailed first class. Parcels should be wrapped and tied well to avoid damage and should include return addresses.

Mr. Grim urged that all new house numbers be on the house or rural delivery box to insure prompt delivery, as several substitute carriers will be employed during the holidays.

Any information necessary may be obtained by calling the post office, Campbell 2158, and the postal employees will be glad to help in any way they can.

For the public's convenience a mail collection box has been placed at the corner of Campbell and Milton avenues. According to Postmaster Grim others will be placed as soon as proper locations are found for them.

Santa Visits Footlighters

Footlighters club entertained a group of guests Tuesday evening with a play, presents distributed by a Santa Claus, and refreshment.s.

During a brief business session the club discussed selection of a play to be given on Old Settlers' Day in February.

Mr. and Mrs. D. Baxter directed "Three Wise Men Ride", enacted by Gene Hodges, Rhoda Clark, Donald Ackerman, Kerry Levenberg, Michael and Patricia.

LBen Howard impersonated Santa and handed around gifts for everyone. Thais Ackerman, Vanda Howard, Leila Merritt and Cecile Shadd served refreshments.

School Choir To Sing Carols

Members of the Campbell Union Grammar school choir are planning on singing Christmas carrols on Christmas Eve in front of the lighted tree on the school grounds. The choir, which is an exceptionally well trained group, recently sang for several PTA groups.

They are under the direction of Miss Dorothy Wilkinson and Mr Calvin Roll. Approximately 85 youngsters appear in the group.

Evening Guild Christmas Party

St. Lucy's Evening Guild members will exchange gifts at a 6:30 o'clock dinner Thursday evening, Dec. 18, in the parish hall. A decorated Christmas tree, music and singing and a glimpse of Santa Claus are all on the program which Miss Aileen Ciraulo is arranging.

Mrs. J. Ciraulo is in charge of dinner and Mrs. Anthony Raffanti heads the decorations committee.

Record Of Accomplishments Of Chamber Of Commerce Outlined

Retiring secretary, Mrs. Viola Conley, of the Campbell Chamber of Commerce, today outlined the projects undertaken by the group during the past year. Mrs. Conley and Ira Grim, who has done a commendable job as president of the Chamber during the past year, are to be succeeded next week by new officers.

One of the largest contributions to civic improvement was the effort to promulgate plans for the incorporation of Campbell. The Chamber undertook the task of sponsoring the movement and plans are still going ahead for an election. The Lynch report, a detailed plan of improvement, taxation and ways and means, was prepared to describe to the people what they may expect under incorporation. A recent director's meeting authorized the incoming officers to continue the study of incorporation.

This year the organization sponsored the decoration of the main streets for Christmas. Nearly $600 was collected by voluntary contributions to defray expenses of purchasing wire, lights and installation costs. The Mercer Electric Company of Campbell did the actual installing on a cost basis and members of the Chamber donated their time to the fabrication of the strings.

A street lighting improvement plan was adopted at a June meeting. Authorization for the new lights was approved and the P. G. &. E. have now placed one in use at the corner of First and Campbell avenues. New units will be attached to each power pole between Winchester Road and the railroad tracks. Each light will be of 600 candlepower.

A Banking committee was created to look into the matter of securing a bank for Campbell. Two separate groups were contacted and both are interested in starting a bank here. Plans are still going ahead on this project.

Other undertakings included the placing of Stop signs along Campbell avenue; a magicians show to raise funds; arrangements made with the Campbell Water Co. to supply water to the famous Roosevelt tree at the corner of Winchester and Campbell; a very successful Old Settler's Day was held.

Mr. Grim, the outgoing president deserves the thanks of the entire community for his unstinting efforts towards the improvement of the town. The task has been heavy, and in so many instances a thankless one. He leaves the office with the best wishes of the membership of 115 Campbell people.

Stop Signs On Campbell Streets

Stop signs were finally installed on all streets leading into Campbell avenue on Friday, Dec. 5. Although careful motorists have been stopping for several years before entering the avenue, it is now officially a stop street.

The AAA association was in charge of the installation of the signs. They have been ready for installing for some time, but had been held up because of an oversight.

Mrs. Wood Heads Church Guild

Christmas party plans for women of the Guild at Campbell Congregational church include two group meetings today and one slated for Dec. 17.

Group one is meeting this afternoon with Mrs. James L. McBride and group three was to meet at 1 p.m. today in the church for a pot-luck luncheon.

Members of group two will gather in Mrs. Vick's home, Union avenue, for their annual holiday pot-luck luncheon at 12:30 Wednesday noon. Each woman will take a gift and a covered dish, plus her own place setting.

Recently announced new officers of the guild are Mrs. Ray Wood, president; Mrs. McBride, president commissioner; Mrs. Stanley Smith, secretary, and Miss Ruby Crow, treasurer.

RECENT GUESTS

Recent guests at the home of Mr. and Mrs. J. Soutos on Central avenue were Mr. and Mrs. Ed Dolan and Mr. and Mrs. E. Soutos

Campbell Forges Ahead In New Construction, Enterprises

GROUND BROKEN FOR TWO STORES

Work was started early this week on a new building at the corner of Campbell avenue and Los Gatos highway. The store building, which will house a modern super-market, is being constructed on land owned by Ernest Barbano. Contractor is N. A. Lamb, a Campbell man who has been very active in new construction work in this vicinity lately.

The building is to be entirely first-class construction, fire-proof and wth cement walls except for full length glass windows in front and on the east side. The store has already been leased to a San Jose grocery man.

Mr. Barbano, a Campbell resident for over half a century, lived as a boy on property adjacent to the location of the new building. The Barbano home being all but destroyed in the disastrous flood of March 1911. The Barbano family moved out on Rincon avenue towards the San Tomas district where they resided for many years. As a school boy, Mr. Barbano went to the old one-room frame schoolhouse located on the corner of Harrison and Campbell avenues where Clark's drug store is now situated.

MANY OTHERS UNDER WAY

Many other commercial buildings are being built or are near completion in the "Coming City of Campbell." Frank Mortorano's Campbell Arcade, situated in the middle of the block between Central and First streets, is well on its way to completion. One of the attractive little stores in the arcade is already finished and occupied by Seaver's Fashion Lounge. This is a branch store of one in operation in San Jose by E. M. Seaver. By the middle of next week Bert Collins expects to be ensconsed in his new shoe salon in the arcade. Mr. Collins, a veteran of 30 years in the sole and heel business, operates a shoe store in Auburn, Placer county, and one in Santa Clara. He is one of the most active civic boosters of our sister town and predicts a prosperous and rosy future for Campbell.

Also to open next week in the Arcade is Campbell's first and only jewelry store. The new glitter shop will be operated by Orville Johns, who spent part of this week in San Francisco purchasing new stock. All of the new stores are featuring brand new merchandise for the Christmas trade.

NEW FURNITURE STORE

At the other end of Campbell avenue, Hubert's Furniture store is being given its final touches of completion. The new store is situated at 26 East Campbell avenue. It is, like all the other new business buildings in Campbell, of first class construction. Mr. Hubert has been busy with a crew of helpers the past few days in cleaning, painting, waxing and polishing the cement floor of the structure. He intends to carry a complete line of fine furniture and appliances.

SAN TOMAS HAS NEW STORE

The rapidly expanding San Tomas district, not to be out-done by its neighboring districts, will soon point with pride to a large new business building. Ground was broken his week on the Fred Smith tract on San Tomas road for a modern business building. When completed the new structure will house the San Tomas Food Center operated by George Flood, at present located diagonally across from the new building. This is likewise to be a modern building in every respect, and will house other businesses as well as the market. Lee Anderson is the contractor.

CAMPBELL MOVES ON

In summing up the general overally picture of Campbell progress, Ira Grim, retiring president of the Chamber of Commerce, commented to the Press that it was very gratifying and encouraging to see so many new developments, and so much new construction going on. In spite of the very limited amount of land zoned for commercial purposes, and the inflationary trends in all types of businesses, Mr. Grim pointed out that "nothing can stop the progress of Campbell."

Six hundred students from schools in the northern part of California will gather in the San Jose Civic Auditorium on Friday, December 12, to celebrate the annual Christmas Choir Festival. Each year at Christmas time the choirs meet for the festival.

This practice was started fourteen years ago by the San Jose High school, and from that time it has expanded until today many high schools from this part of the state participate. There will be ten choirs singing in this years' event, which will get under way at eight o'clock next Friday. The Campbell high choir will participate again this year as it has in the past. Mr. Frank Triena, choir director, believes that this year's choir of sixty voices is better than ever, and he is hoping to receive the high rating that it has in the past years.

Mr. Robert McKnight of Modesto Jr. College will be guest conductor for the program. General chairman is Miss Gard of San Jose high who is assisted by Mr. Triena.

The Campbell high choir has many engagements slated for the future, including entertainment for the PTA, the Kiwanis club, Country Women's Club, St. Lucy's Society and the annual Christmas program here.

"The band is good this year," stated Mr. Triena, and the largest we've ever had. The CUHS band has been very active at the football games and is expected to make a good showing at the spring program.

Mr. Triena also stated that the orchestra was the largest ever and is doing a very good job, as has been the custom in the past. The orchestra will play for the annual Christmas program which is to be Friday, December 19.

Mary Patton, who is heard on "Life Can Be Beautiful," 'Road of Life" and many other radio shows, is featured in the cast of The Constant Invader, presented by the Santa Clara County Tuberculosis Association on radio station KSJO every Wednesday at 1:45 p.m. The series of 13 programs tells real-life stories of people who have fought and won battles against tuberculosis.

Posters bearing the message "Protect Your Home from Tuberculosis," and brightly colored book marks inserted in books borrowed from the libraries this month are serving to remind Santa Clara county residents of the 1947 Christmas Seal Sale, which opened Nov. 24 and continues until Christmas.

The 1947 Christmas Seals feature a rural American scene, showing a team of oxen pulling a sled loaded with Christmas trees.

"Year-around projects of the S. C. County Tuberculosis Association are financed by proceeds from the Christmas Seal Sale," Dr. Charles A. Fernish, president, stated. "The chief project is the mass X-raying of the population on the chest X-ray trailer which operates the year around on a county-wide schedule which takes it into every community, colleges and schools as well as industries."

"With the continued cooperation of the residents of this county we can in time wipe out this insidious disease. We confidently expect that the community will endorse our program this year, as it has in the past, by buying and using Christmas Seals."

HISTORIANS DECIDE ON BAY DISCOVERY DATE

THE DISCOVERY OF SAN FRANCISCO BAY
NOVEMBER 4, 1769

From a painting by Arthur F. Matthews which is believed to have been destroyed in the San Francisco fire of 1906. The engraving from which this print was made is in the Museum of the San Mateo County Historical Association, a gift from Mr. Fred Drake.

It is interesting to note the different versions history gives the actual route traveled by Don Gasper de Portola and his party on their first trek up the California Coast, traversing what was to become know as El Camino Real, and in modern times is called The Coast Route (U. S. Highway 101 and C. S. Highway 1).

There seems little doubt of the fact that they hugged the coastline as closely as possible on this original journey, and the ruggedness of the mountain ranges, raising abruptly from the Pacific in many places, added considerable hazards to their journey. As in the case of many discoveries, the sighting of San Francisco Bay was due to happenstance rather than any direct effort on their part.

Fra Crespi states in his diary, " . . .about one in the afternoon we set out to continue our journey, following the beach to the north. We had entered the mountains, directing our course to the northeast, and from the summit of a peak we beheld the great estuary or arm of the sea. . ." This was dated November 4, 1769. Other diraists and historians have given versions that lead one to believe that both the hunting party sent out on October 31, and Sgt. Ortega's scouting party, had seen the bay before, but this spot above San Mateo, and November 4, 1769, are accounted to be the official time and place.

For those who care to visit this historic spot, nature has provided an easy ascent in the form of a ridge that strats at the Coast just south of Rockaway Beach in San Mateo County and winds gradually up to the summit of Sweeney Ridge. Recently members of the Portola Festival Committee made the trip down El Camino Real form San Francisco and rededicated this spot where State of California plans to erect one of their new type Historic Landmark Monuments.

To better acquaint all Californias with the exploits of Portola and his party, which are really the foundation upon which modern California is built, The California Mission Trails Association plans to reenact Portola's trek in the fall of 1948. Starting from San Diego, a group will follow, as closely as possible, the actual route taken by Portola, stopping over at various of the Missions for festivals and other celebrations, and arriving in San Francisco for the opening date of the Portola Festival and Pageant in October.

While the coming centennial years are set to do honor to events of 100 years ago, sight cannot be lost of the fact that without these brave Spanish explorers, the aspect of modern life in California would be greatly different than we now enjoy it. It was the imprint of the Missions, the carefree life of the Ranchos, the gay Fiesta spirit, which gave us the California of today. As such, all should know as much of this history as possible.

Miss Merriman Breaks Arm

Miss Dorothy Merriman is carrying on her duties as principal of the Campbell Union grammar school these days with her left arm in a cast.

It seems that Miss Merriman was in Yosemite over the Armistice day week-end, and stopped her car near Glacier point to take some pictures. Stepping out of the car, she slipped on the ice and broke her left arm. She said that it couldn't have happened in a better place and she was given excellent care at the resort hospital.

Buc Cagers Drop Opening Tilts

A lack of time to prepare for the game and the fact that some of the football players were not yet in condition was the deciding factor in the downfall of the Campbell high basketball teams as they dropped two contests at Santa Cruz last Saturday night. The Buccaneer varsity was downed 35-26 while the 130's were defeated 23-15.

In the varsity game the sharp shooting Cardinals forged into the lead early ,and maintained the pace throughout the game. In several places in the second half it looked as though the red and blue might catch the high-flying Cards, but they always fell short.

Captain Bill Magginetti led the Buc scoring with 9 markers, followed by Reg Gazay and Don F'agalde with 4 each. McCambridge, Hindly and Pedimonte topped the winers with 12, 8 and 7, respectively.

The 130's had a better time of it and had the Cardelets not gotten hot in the fourth quarter the score might have been reversed. Jim Beth, also captain, was the leading scorer for the lightweights as he tallied 5. Dave De Vilbus and Gordon Giovenetti followed closely with 4 and 3 each. Pariots, hotshot guard, led the Cards with 7.

Christmas 'Snow' Made In Campbell

Snow, that product that Californians know little about, is made right here in Campbell by the National Perlite company on Railroad avenue. The snow, a by-product which is made of volcanic rock, is absolutely fireproof.

A very white substance, it clings to trees in a realistic manner and can be made to simulate the real thing. It can also be molded by the addition of paste or glue, into snow men and be made to cling to windows for snow scenes.

The company, which has been in existance for a year, is now completing expansion plans and hopes to be running on three shifts in the near future. C. W. Scribner, plant manager, said that they expected to be employing disabled veterans as much as possible. The company is headed by H. J. Keating, president.

The building product, which is made by grinding and heating volcanic rock, is very light but exceptionally strong.

Te snow is available in local stores, both here and in surrounding communities.

Legion Christmas Dance Dec. 20

The Christmas spirit will take over Saturday, Dec. 20, when the first dance of the Christmas season gets going in the high school gym. The community dance will be under the direction of the American Legion, Post No. 596, and will benefit the local building fund.

Elden Sylva and his talented bunch of high school players will furnish the music for the event, which will be open to the public. "Get acquainted dances" are being planned by the dance committee under the leadership of Al Carter, and the hall will be decorated in the Noel theme with a Christmas tree and decorations. This is the Christmas dance the community has had for a long time, and members of the Legion are expecting a large turnout, as everyone gets in the Christmas spirit. You might even get a chance to practice up on those Christmas carols in group singing.

Refreshments will be served during the dance, which will be from 9 until 12 o'clock. During the intermission the prize of a new refrigerator, furnished by Brand's Furniture store, will be given away.

Members of the high school football squad and their dates will be honored at the dance and admitted free. Members of the dance committee include Carter, chairman, Chet Clever, Leo Parks and Henry Barker.

The dance will be preceded by a Christmas party for the Legion and Auxiliary members and their children, at which time Santa Claus will appear and distribute the traditional stockings. Community singing will be enjoyed, and entertainment is being arranged by Mrs. Mary Hummel.

Elizabeth Gerlack was Adah, Marjorie Houghton, Ruth; Marie Peterson, Esther; Cora Kaufman, Martha; and Frances Schluter, Electa.

An impressive start for the evening ritual was the solemn entry of 17 members of the newly-formed Job's Daughters.

Upon command of the worthy matron, and escorted by the marshalls, the following were duly presented, conducted to their respective stations and invested with the badge of office: Ella Elkey, W.M.; John Duncan, W.P.; Marie Suess, associate matron; William Scott, associate patron; Sue Miller, secretary; Grace Coombs, treasurer; Ellen Arnold, conductress; Marie Hendricks, associate conductress; Thelma Aker, marshall; Margaret Dunton, chapain; Frances Duncan, organist; Elena Robinson, warder; Walter Elkey, sentinel; Idabel Churchill, Adah; Elsie Welch, Ruth; Evelyn Buck, Martha; Oril Robinson, Electa; Ray Martin, flag bearer.

Interspersing the rites were numerous vocal and instrumental solos by Sue Miller, Marjory Martin, and Katherine Fuller, with Irma Sanders as accompanist.

The hall was beautifully decorated in a color theme of rose and aqua, built around a brilliant, huge diamond at the matron's station, in commemoration of the Diamond Jubilee of the order. The committee of the evening included Sue Miller, Ivy Rost, Sarah DeSelle, Maoie Suess, Ellen Arnold, Marie Hendricks, Henry Miller, Thelma Aker, Virginia Currie and Hans Hanson.

Newly installed oficers will officially take charge at the Dec. 19 meeting, when the annual Christmas party will follow a short business session.

Schedule For Ag. Extension

Campbell home-makers were the first ones to cooperate in the program back in 1944 when the Extension Service came to Santa Clara county. Since then, groups of Campbell homemakers have met regularly once a month to learn various skills in homemaking.

Some of the demonstrations held were slip covering, making dress forms, canning, freezing, pressure saucepan cookery, and the use of sewing machine attachments.

This year's program includes many topics which are new to the program. Some of them would be especially helpful to young homemakers.

Meetings will be held at the Methodist church on the following Fridays: Jan. 9, 10 a.m. to 3 p.m., subject: Hooked Rugs; Feb. 6, 10 to 12, Children's Clothing; March 5, 10 to 12, Cleaning Shortcuts; April 2, 10 to 12, Re-arranging Kitchen Cupboards; May 7 to be announced; June 4, 10 to 12, Informal Entertaining,

Arrangements have been made for the children to be cared for during the demonstrations. There is no charge for the demonstration but a small fee will be charged for the care of children.

Alumni Of '47 To Compete With Bucs Saturday

Alumni Basketball teams will play Campbell Union High School varsity and 130 teams Saturday night, Dec. 13. It will be the varsity's second game of the season which opened Dec 6 at Santa Cruz.

The 130 game is slated to start at 7:30 with the varsity contest to start about 8:15.

The 130 hopes fall on such cagers as Jim De Vilbis, Gordon Giovaneti, Bob Williamson, Jim Beth and Rich Geraci. The alumni lineup is not known at this time, but you can bet there will be plenty of action.

The varsity will buck up against a pretty strong team when they meet lanky Levi Estrada and his teammates. Levi will handle the center spot, and most of us remember how Levi poured points through the hoop for Campbell last year. At the forwards will be Mel Estrada and "dead-eye" Ray Fish. At guards the alumni have Wayne Buck and Rich Villafuerte.

The varsity will face them with a team composed of Milt Howe, Bill Magginette, Eldred Nelson, Dan Filice and Don Fagalde.

THE LIFE STORY OF GENERATOR 0-63000

You cannot buy a powerhouse by catalog order. You must have it built to specifications right from the ground up. Take the giant electric generators for example — they take months and years to build and assemble part by part. Here is the life story of generator 0-63000 long on order.

During the later part of 1949 it will be set in place in the new $35,400,000 Rock Creek Powerhouse this Company is building on the North Fork of the Feather River in Plumas County. It will then be "tuned up" like a grand piano along with an identical unit dedicated to a life of spinning out 169,000 additional electric horsepower for Northern and Central California.

Generator 0-63000 will be more than two years old before it goes to work producing power. Factory fabrication time will take 21 months. Upon arrival at the Rock Creek Powerhouse, five months will be required for re-assembly and run-in tests.

Generator 0-63000 is one of fourteen new generating units this Company is now installing for new and enlarged hydro and steam electric powerhouses that are part of our present $350,000,000 construction program.

Basketball League Formed Here; Sponsors Named, Players Wanted

At a meeting held in the Campbell high school gymnasium last Tuesday night, plans were drawn up for the formation of a Campbell City Basketball league.

Among the interested sponsors attending were Fred Jones, Ben Strong, Johnnie Hummel, who represented the American Legion, and Coach Robbie Robinson of the high school.

It is expected that the above named, plus the Campbell Hardware, Tony's Busy Bee, the Kopper Kettle, the Campbell Lumber company and the Maderis Market will enter teams. A total of eight teams will represent the league. Games will be played once a week, two games will be played on the night chosen for play.

All players interested in playing in the new league should contact either Robbie Robinson at the high school or any of the sponsors named above. Robbie will be in the gym almost every night from now on.

There will be another meeting of the sponsors next Tuesday night, December 16, at 7:15 o'clock, in the office back of the high school gym.
